Corporate Advisory Group
of the
IEEE-SA Board of Governors

Approved 15 May 2016

IEEE-SA Standards Board

Abstract: Criteria for testing methods and technical parameters for geometrical features, physical and chemical properties, and de-nitrogen oxides (DeNO_x) technological properties of power plant DeNO_x plate-type catalysts are established in this standard.

Keywords: DeNO_x plate-type catalyst, geometrical features, IEEE 2404™, physical and chemical properties, technological properties, testing methods
