

# UL 1066

## **STANDARD FOR SAFETY**

Low-Voltage AC and DC Power Circuit Breakers  
Used in Enclosures

UL Standard for Safety for Low-Voltage AC and DC Power Circuit Breakers Used in Enclosures, UL 1066  
Fourth Edition, Dated April 13, 2012

### **Summary of Topics**

***This revision of ANSI/UL 1066 is being issued to incorporate the following changes in requirements:***

***Revision to SC2.5 to Clarify Testing Requirements for Circuit Breakers with a Remotely Operated Racking Mechanism***

***Revision of the Scope to Increase the Maximum Allowable Voltage of Low-Voltage Power Circuit Breakers***

The revised requirements are substantially in accordance with Proposal(s) on this subject dated January 20, 2017.

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin. Changes in requirements are marked with a vertical line in the margin and are followed by an effective date note indicating the date of publication or the date on which the changed requirement becomes effective.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.
