UL Standard for Safety for Exhibition Display Units, Fabrication and Installation, UL 2305

First Edition, Dated February 9, 2001

Summary of Topics

The revisions of UL 2305 includes the removal of ANSI information and miscellaneous editorial updates.

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

UL 2305

Standard for Exhibition Display Units, Fabrication and Installation

First Edition

February 9, 2001

This UL Standard for Safety consists of the First Edition including revisions through June 15, 2018.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.

CONTENTS

INTRODUCTION

1 Scope	8
2 Glossary	9
3 Components	12
4 Units of Measurement	13
5 References	13

PART I – CONSTRUCTION

STRUCTURAL

6 General	16
7 Requirements Particular to Glass and Support Brackets	16
8 Requirements Particular to Towers 8 Feet (2.44 m) or Greater	16
9 Requirements Particular to Kiosks	17
10 Requirements Particular to Hanging Components	17
10.1 General	17
10.2 Hanging Fabric Ceilings and Canopies	19
10.3 Hanging signs	19
11 Requirements Particular to Decks and Multiple-Story Exhibition Display Units	19
11.1 General	19
11.2 Straight stairway	19
11.3 Spiral, winding, and curved (circular) stairway	21
11.4 Stairway handrails	22
11.5 Guardrails	23
11.6 Load-bearing surfaces	24
11.7 Exits and exit access	24
11.8 Floor height	25
11.9 Ceilings	25
11.10 Fire protection devices	25
12 Requirements Particular to Platforms and Raised Floors	26
12.1 General	26
13 Requirements Particular to Modular-Type Systems	27
13.1 General	27
13.2 Load-bearing surfaces	27
13.3 90 degree (tee) connections of modular-system elements	27
13.4 End-to-end (splice) connection of modular-system elements	28
13.5 Modular-type system used as a cantilever	28
13.6 Modular-type system used as ceiling-grid structures	28
13.7 Modular-type system used for luminaire enclosures	28
13.8 Modular-type system used as hanging components	29
14 Requirements Particular to Portable Exhibition Display Units	29
15 Requirements Particular to Custom-Design Exhibition Display Unit	29
16 Flammability of Materials	29

ELECTRO-MECHANICAL

17 General	30
------------------	----

18	Mechanical Assembly	31
18.1	General	31
18.2	Cord channels	31
18.3	Mechanical connectors	32
19	Frame and Enclosure (Electrical and Mechanical)	32
19.1	General	32
19.2	Enclosures and guards	34
19.3	Cord channels of metallic materials	35
19.4	Cord channels of polymeric materials	37
19.5	Barriers	37
19.6	Doors or covers	40
20	Corrosion Protection	40
21	Accessibility of Uninsulated Current-Carrying Parts and Film-Coated Wire	41
22	Protection of Personnel	47
23	Contacts	47
24	Power Sources	48
25	Power-Supply Connections	49
25.1	General	49
25.2	Cord-connected exhibition display units	49
25.3	Strain relief	51
26	Separation of Circuits	52
27	Transformers	53
28	Grounding and Bonding	53
28.1	Grounding	53
28.2	Grounding identification	54
28.3	Bonding	54
29	Internal Wiring	55
30	Overcurrent Protection	56
31	Switches and Controls	57
32	Convenience Receptacles	57
33	Motors	58
33.1	Construction	58
33.2	Overload protection	58
34	Exhibition Display Lighting	58
34.1	General	58
34.2	Lampholders and lamps	59
35	Spacings	61
36	Mating Connectors	62
37	Electrical Insulation Material	63

PART II – PERFORMANCE

PERFORMANCE TESTS

38	Glass Panel Tests	66
38.1	Impact test	66
38.2	Retention test	66
39	Modular-Type Systems Tests	66
39.1	90 degree (tee) connection of modular-system elements slip resistance test	66
39.2	90 degree (tee) connection of modular-system elements pull-out strength test	67
39.3	90 degree (tee) connection of modular-system elements twisting-moment test	67
39.4	End-to-end (splice) connection of modular-system elements deflection test	67

- 39.5 End-to-end (splice) connection for modular-system elements pull-out strength test . . .67
- 39.6 Cantilever constructed from modular-type systems load test68
- 39.7 Ceiling-grid structure constructed from modular-type systems deflection test68
- 39.8 Ceiling-grid structures constructed from modular-type systems load test68
- 40 Stability Tests Particular to Towers68
 - 40.1 General68
 - 40.2 Force stability test69
 - 40.3 Impact stability test71
- 41 Stability Tests (All Other Structures)73
 - 41.1 General73
 - 41.2 Force stability test73
 - 41.3 Impact stability test74
- 42 Mechanical Strength Tests76
 - 42.1 General76
 - 42.2 Load-bearing surface test76
 - 42.3 Handrail and guardrail test77
 - 42.4 Shelving test78
- 43 Strength of Cord Channel Enclosure Tests (Electrical and Mechanical)80
 - 43.1 Impact test – enclosures80
 - 43.2 Compression test80
 - 43.3 Deflection test81
 - 43.4 Snap-fit cover test82
- 44 Leakage Current Test82
- 45 Strain-Relief Test85
 - 45.1 Unit-to-unit and pass-through-unit electrical connections85
 - 45.2 Cord connected exhibition display units85
- 46 Push-Back Relief Test86
- 47 Resistance To Corrosion Test86

MANUFACTURING AND PRODUCTION TESTS

- 48 Grounding-Continuity Test87
- 49 Polarity Test87

PART III – MARKING AND INSTRUCTIONS

MARKINGS

- 50 General87
- 51 Motor-Operated Exhibition Display Units89

INSTRUCTIONS

- 52 General90
- 53 Instructions Pertaining to a Risk of Fire, Electric Shock, or Injury to Persons91
- 54 Grounding Instructions92
- 55 Installation Instructions94
- 56 Operating Instructions94
- 57 User-Maintenance Instructions94
- 58 Moving and Storage Instructions94

This is a preview. [Click here to purchase the full publication.](#)

PART IV – INSTALLATION

59	General95
60	Use of Power-Supply Cords and Power Strips95
61	Power Supplies – Distribution Panels96
62	Special Interconnections96
63	Access by the Public96

PART V – CRATING

64	General96
----	---------------	-----

PART VI – REWORK AND REPAIR

65	General97
----	---------------	-----

PART VII – CONVENTION CENTER CORD SETS, ATTACHMENT PLUGS, AND CORD CONNECTORS**CONSTRUCTION**

66	General97
----	---------------	-----

PERFORMANCE

67	General98
68	Flexing Test98
69	Temperature Test	100
70	Roller Flexing Test	100
71	Dielectric Voltage-Withstand Test	101
72	Abnormal Cycling Temperature Test	101

MARKINGS

73	General	102
----	---------------	-----

INSTRUCTIONS

74	Installation Instructions	105
	74.1 Assembled-on type attachment plugs and cord connectors	105
	74.2 Assured equipment grounding conductor program	105

PART VIII CONVENTION CENTER CORD SETS, ATTACHMENT PLUGS, AND CORD CONNECTORS (Booth Stringer Type)**CONSTRUCTION**

75	General	105
----	---------------	-----
