STANDARD FOR SAFETY

Extruded Insulating Tubing

UL Standard for Safety for Extruded Insulating Tubing, UL 224

Seventh Edition, Dated May 5, 2021

Summary of Topics

This New Seventh Edition of ANSI/UL 224 includes updates to referenced publications.

The requirements are substantially in accordance with Proposal(s) on this subject dated September 20, 2020 and October 16, 2020.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

Commitment for Amendments

This standard is issued jointly by the Canadian Standards Association (operating as “CSA Group”) and Underwriters Laboratories Inc. (UL). Comments or proposals for revisions on any part of the standard may be submitted to CSA Group or UL at anytime. Revisions to this standard will be made only after processing according to the standards development procedures of CSA Group and UL. CSA Group and UL will issue revisions to this standard by means of a new edition or revised or additional pages bearing their date of issue.

All rights reserved. No part of this publication may be reproduced in any form whatsoever without the prior permission of the publisher.

This Standard is subject to review within five years from the date of publication, and suggestions for its improvement will be referred to the appropriate committee. To submit a proposal for change, please send the following information to inquiries@csagroup.org and include "Proposal for change" in the subject line: Standard designation (number); relevant clause, table, and/or figure number; wording of the proposed change; and rationale for the change.

To purchase CSA Group Standards and related publications, visit CSA Group's Online Store at www.csagroup.org/store/ or call toll-free 1-800-463-6727 or 416-747-4044.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.

This ANSI/UL Standard for Safety consists of the Seventh edition.

The most recent designation of ANSI/UL 224 as an American National Standard (ANSI) occurred on May 5, 2021. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, Title Page (front and back), or the Preface.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

To purchase UL Standards, visit UL's Standards Sales Site at <http://www.shopulstandards.com/HowToOrder.aspx> or call toll-free 1-888-853-3503.

CONTENTS

Preface	5
1 Scope	7
2 Reference Publications and Definitions	7
2.1 Reference publications	7
2.2 Definitions	8
3 General	9
3.1 Item references	9
3.2 Units of measurement	9
4 Construction	9
4.1 Materials and quality of work	9
4.2 Color	9
4.3 Minimum wall thickness	10
4.4 Heat-shrinkable tubing	10
5 Capability tests	10
5.1 Pre-conditioning and test conditions	10
5.2 Circulating air-oven	10
5.3 Samples	10
5.4 Physical properties	11
5.5 Oil resistance (optional)	15
5.6 Flexibility (not-heat-shrinkable tubing)	16
5.7 Dielectric voltage withstand and breakdown	16
5.8 Deformation	17
5.9 Heat shock	18
5.10 Cold bend	18
5.11 Flame test – all tubing	19
5.12 Optional VW-1 (vertical wire) flame test/ASTM D2671 Method C (modified)	20
5.13 Volume resistivity	22
5.14 Secant modulus	23
5.15 Eccentricity (heat-shrinkable tubing)	24
5.16 Longitudinal change	24
5.17 Copper corrosion	25
5.18 Copper stability	25
5.19 Restricted recovery (heat-shrinkable tubing)	26
5.20 Heat-resistant properties (not-heat-shrinkable tubing)	26
5.21 Crushing test	27
5.22 Impact test	27
5.23 Penetration test	28
5.24 Evaluation of tubing not covered by Table 1	28
5.25 Long-term heat-aging	28
6 Markings	29
6.1 Product marking	29
6.2 Package marking	29

Annex A (informative) Manufacturing and production tests
