STANDARD FOR SAFETY

Battery Chargers for Charging Engine-Starter Batteries

UL Standard for Safety for Battery Chargers for Charging Engine-Starter Batteries, UL 1236

Eighth Edition, Dated April 21, 2015

Summary of Topics

This revision of ANSI/UL 1236 dated February 3, 2021 is being issued to update the title page to reflect the most recent designation as a Reaffirmed American National Standard (ANS). No technical changes have been made.

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

The requirements are substantially in accordance with Proposal(s) on this subject dated October 30, 2020.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

UL 1236

Standard for Battery Chargers for Charging Engine-Starter Batteries

The first through third editions were titled Standard for Battery Chargers.

First Edition – December, 1972
Second Edition – July, 1978
Third Edition – December, 1986
Fourth Edition – August, 1992
Fifth Edition – June, 1994
Sixth Edition – March, 2002
Seventh Edition – August, 2006

Eighth Edition

April 21, 2015

This ANSI/UL Standard for Safety consists of the Eighth Edition including revisions through February 3, 2021.

The most recent designation of ANSI/UL 1236 as a Reaffirmed American National Standard (ANS) occurred on January 12, 2021. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.
